

Alpern Rosenthal

Healthcare Industry Services

Industry Economic Indicators

The healthcare industry is relevant to every business sector within the US economy, comprising nearly 18% of the GDP. Consequential points of fact include; employer sponsored health plans have experienced premium increases of approximately 120% over the last ten years and a majority of individual bankruptcy cases have health care costs as an underlying cause. At Alpern Rosenthal, we understand the macro economic climate, as well as possess the capabilities to offer you in-depth industry experience, knowledge and superior service quality.
